

Ywca Café

The Get Skilled Cert II Hospitality Course “Community in the kitchen” Students are now operating a Café out of the YWCA each Tuesday and Wednesday between 11.30am and 1.30pm.

The Y Café is open to the general public & we encourage that all service providers support these young people by dropping in and purchasing either a quick take away coffee or stay for an appetizing meal, or if you have a function that you may need catering for please keep these students in mind as they are very open to gaining as much experience as possible.

-We’ve even had some organizations phone through orders and the students prepare their lunches then a staff member comes and picks the meals up.

Menu’s can be provided every Monday either via fax or email. Throughout the week menu items will stay the same with a weekly special; they will be moderately priced, under \$4 for most items.

Please support these kids as they are raising money for a trip to Gold Coast to visit some larger kitchens/hotels etc on the completion of their course.

For more information please contact Brie Price 66 255 800.

Thankyou ☺
