## SAFETY & EMERGENCY PROCEDURES STUDENT CONTACT CARD

### Safety Advice

- Be aware of risk at all times where you are working.
- Ask for information, instruction, training and on-going supervision when undertaking an activity, especially where you are asked to undertake unfamiliar surroundings, for example, where there is not much light or ventilation.
- Concerns about safety at the workplace are always legitimate and always need to be addressed to your satisfaction. Tell your supervisor if you have any safety concerns. Make sure they are addressed, for example, through a safe work method statement or (if you are in a construction industry) a toolbox talk.
- Take responsibility for thinking about occupational health and safety.
- Ring your nominated contact if in doubt about your safety (see below).

1<sup>st</sup> Fold →

### My nominated contact during normal business hours from my School/TAFE NSW institute/P/C RTO is:

Name: \_\_\_\_\_

Telephone: \_\_\_\_\_

Parent/Carer Name: \_\_\_\_\_
